

# SMORES' CAKE

## WHAT YOU'LL NEED

Two 9 x 13 inch greased rectangle cake pans

Dark Chocolate Cake - see recipe

Dark Chocolate Ganache - see recipe

Chocolate Buttercream Frosting - see recipe

Graham Cracker Crust - see recipe

Small marshmallows

Cake board cut slightly larger than size of pan and covered with foil

## DIRECTIONS

Prepare the graham cracker crust and press into the bottom of 1 of the prepared cake pans. Save about a 1/2 cup of the mixture for between the cake layers.

Pour the cake batter evenly between the 2 prepared pans and bake according to directions.

Set aside to cool.

Once cooled, remove the cakes from their pans. Set the cake without the crust aside. Place the cake with the graham cracker crust, crust side down on the cake board covered with foil.

Prepare the chocolate ganache.

Set oven to 150 degrees F.

Take the cake with the graham cracker crust and layer the remaining graham cracker mixture, chocolate ganache, and small marshmallows on top. Put the board with cake onto a baking sheet. Place into the oven long enough to melt together but not so they lose their shape. Remove from oven and let cool completely.

Once cool, add a layer of chocolate buttercream. The buttercream will not easily spread over the marshmallows, so place small dollops frequently and spread together.

Place other cake on top of the buttercream and gently press together. Cover top layer with buttercream. To decorate, I added a star shaped sugar cookie covered in yellow sugar.
